Regional Intergovernmental Council
315 D Street
South Charleston, WV 25303
P: (304) 744-4258
F: (304) 744-2534

History and Mission of the Regional Intergovernmental Council

The Appalachian Regional Commission (ARC) was formally established on March 9, 1965 when President Lyndon B. Johnson signed the Appalachian Regional Development Act (ARDA) into public law. The ARC is a federal-state partnership committed to strengthening Appalachia's economy and helping the Region's 13 states achieve economic parity with the rest of the Nation. The Boone-Clay-Kanawha-Putnam Regional Intergovernmental Council (RIC) is the ARC's Local Development District (LDD) for our four county Region.

RIC was established in 1970 as a voluntary association of local governments. In 1971, it was designated by then Governor Arch Moore as West Virginia Region III, one of eleven such councils in West Virginia. RIC is committed to promoting economic, environmental, educational, cultural and recreational growth in Boone, Clay, Kanawha and Putnam counties.

In 1975, RIC was designated as the Metropolitan Planning Organization (MPO) for the Charleston Urbanized Area. Later, this was expanded to include the entire Metropolitan Area (Kanawha and Putnam counties), to match the air quality non-attainment area. All urbanized areas in the U.S., as a condition of receiving federal highway, and transit funding, must have an official MPO. The responsibility of the MPO is to carry out a coordinated, cooperative and comprehensive planning process. This includes development of various transportation plans and programs in cooperation with state and local officials, transit agencies, and local citizens.

RIC was designated as the Economic Development District (EDD) for the Economic Development Administration (EDA) on June, 16 1977. The EDA plays a critical role in facilitating regional economic development efforts in communities across the nation. EDDs serve as multi-jurisdictional entities that work to lead the locally based, regionally driven economic development planning process.

RIC's policy board is comprised primarily of representatives from 25 municipal and four county governments in the Region. The board acts as a forum for discussing mutual problems and dealing with issues that transcend political boundaries. The RIC staff works for all 29 units of government by assisting with multi-jurisdictional issues.

The general purpose of the Council is stated in its by-laws:

"The Council is organized and shall be operated as a cooperative organization of local governments for the promotion of public health, safety and welfare by providing improved public services and facilities, advancing the business prosperity and economic welfare and achieving a satisfactory level of living for the citizens of the area served by the Council."
