

## Acknowledgements

On behalf of the project team, the Regional Intergovernmental Council thanks the diverse group of participants whose input was instrumental to create a blueprint for a safe, multimodal, and interconnected transportation system for the Kanawha-Putnam region. The Kanawha-Putnam 2045 Regional Transportation Plan reflects the collaborative efforts of the Steering Committee, RIC staff, local officials, the West Virginia Department of Transportation, the Federal Highway Administration, numerous stakeholders, and the dedicated citizenry of the region. The efforts of everyone are greatly appreciated.

### Steering Committee
