EIGHT CORE PROGRAMS (GROUPS)*						PERFORMANCE MEASURES**										
1) BRIDGE PROGRAM						PM1 - Safety			PM2 - Pavement and Bridge			PM3 - System Performance, Freight, Congestion and Air Quality				
2) COMMUNITY DEVELOPMENT and CONNECTIVITY PROGRAM						· Number of fatalities;			· Assess the condition of pavements on the Interstate System and on the Non-Interstate			· Assess the performance of the Interstate and Non-Interstate NHS.				
3) LOCALIZED MOBILITY IMPROVEMENT PROGRAM						· Number of serious injuries;			National Highway System (NHS)			· Assess freight movement on the Interstate System.				
4) PLANNING AND WORKFORCE DEVELOPMENT PROGRAM						· Fatality rate per HMVMT;			· Assess the condition of bridges carrying			· Assess traffic congestion and on-road mobile source emissions for carrying out the Congestion Mitigation and Air Quality Improvement Program (CMAQ).				
5) RESURFACING PROGRAM						· Serious injury rate per HMVMT;			the Non-Interstate NHS.							
6) TRAFFIC PROGRAM						· Number of non-motorized fatalities and serious injuries.										
7) REGIONAL MOBILITY PROGRAM																
8) TRANSIT PROGRAM																

Kanawha County Justifications

FFY	FUND	PHASE	NAME	GUIDING STATEMENT
2020	HSIP	CON	Charleston Bike Signals	Safety and Security: Improves safety for bicycle travelers. Mobility and Accessibility: By improving safety conditions for cyclists, greater mobility of the traffic system can be achieved by encouraging more alternative travel modes. Culture & Environment: Promotes pollution-free travel.
2020	HSIP	CON	Greenbrier St and Kanawha Blvd	Economic Vitality: Improves pedestrian walkability conditions at an economic activity and culturally dense location and improves connectivity to the Kanawha Boulevard River Trail. Mobility & Accessibility: Improves pedestrian walkability conditions at a location that improves connectivity to the Kanawha Boulevard River Trail. Safety & Security: Improves safety conditions for pedestrian travelers.
2021	NHPP	CON	Carter BR - Brooks St I/C (Split funded)	System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2020	NHPP	ENG	Carter BR - Brooks St I/C	System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2020	NHPP	ROW	Carter BR - Brooks St I/C	System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2020	NHPP	ENG	Eugene A. Carter Memorial BR	Culture & Environment: Works towards, through a bridge inspection, the adequate preservation of a culturally and regionally significant bridge that honors the memory of Eugene A. Carter. System Preservation & Efficiency: This project seeks to preserve a critical element of the existing transportation network.
2020	NHPP	CON	Oakwood I/S Improvements	System Preservation & Efficiency: Seeks to reduce travel times and improve traffic flow. Safety & Security: Aims to reduce vehicle conflict frequency and severity. Economic Vitality: Improves traffic flow on a regional shopping corridor. Culture & Environment: By reducing travel times and congestion related delays, this project may improve air quality.
2020	NHPP	CON ENG ROW	I-77 Belle Ramp Over US 60	System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2021	NHPP	CON ENG	I-77 Belle Ramp Over Piedmont & RR	System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2020	NHPP	ENG, CON	Charleston O/H Sign Replacement	Safety and Security: Improves safety by ensuring up-to-date, compliant, and reflective signs.
2021	NHPP	CON	Davis Creek - Oakwood	Safety and Security: Resurfacing the roadway will provide drivers greater control of their vehicles by reducing the likelihood their vehicle will come in contact with a pothole or other road surface deformity. System Preservation & Efficiency: Resurfacing this roadway serves as a preservation tool.
2021	NHPP	CON	Westmoreland Traffic Signals	Safety & Security: Seeks to reduce the likelihood of a collision by controlling vehicle movements through improved traffic signalization.
2024	NHPP	CON	Tuppers Creek - Pocatalico	Safety & Security: Resurfacing the roadway will provide drivers greater control of their vehicles by reducing the likelihood their vehicle will come in contact with a pothole or other
2025	NHPP	CON	Access Rd - Willis Creek	Safety & Security: Resurfacing the roadway will provide drivers greater control of their vehicles by reducing the likelihood their vehicle will come in contact with a pothole or other road surface deformity. System Preservation & Efficiency: Resurfacing this roadway serves as a preservation tool.
2021	NHPP-EXE	CON	Carter BR - Brooks St I/C (Split funded)	System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2020	NRT	CON	Hatfield-McCoy-Kanawha Co. Trail	Culture & Environment: Promotes cultural activities in the region through the construction of a new recreational trail. Economic Vitality: Draws economic activity to the region through the expansion of cultural activities. Land Use & Transportation Integration: Invests in recreation with minimal land use.
2020	NRT	ENG	Hatfield-McCoy-Kanawha Co. Trailhead	Culture & Environment: Promotes cultural activities in the region through the construction of a new recreational trailhead. Economic Vitality: Draws economic activity to the region through the expansion of cultural activities. Land Use & Transportation Integration: Invests in recreation with minimal land use.
2021	NRT	CON	Hatfield-McCoy-Kanawha Co. Trailhead	Culture & Environment: Promotes cultural activities in the region through the construction of a new recreational trailhead. Economic Vitality: Draws economic activity to the region through the expansion of cultural activities. Land Use & Transportation Integration: Invests in recreation with minimal land use.
2020	OTHER	CON	Montrose - Oakwood (Garvee 2019)	System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2022	OTHER	CON	PFC William Floyd Harrison Memorial BR (TPK Bond)	Culture & Environment: Preserves a bridge that is culturally significant and honors the memory of William Floyd Harrison. System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2023	OTHER	CON	WV 622 - Cross Lanes (GO Bond)	Economic Vitality: This project seeks to reduce travel times. System Preservation & Efficiency: This project seeks to optimize already existing infrastructure for motor vehicle use.
2020	OTHER	CON	RHL BLVD CONN	System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2020	OTHER	CON	Trace Creek (GO Bond 2/3)	System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2020	OTHER	CON	Sanderson Bridge (GO Bond 2/3)	System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2021	OTHER	CON	Thorofare Road Bridge (GO Bond 2/3)	System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2021	STP	CON	Davis Creek Bridge +3	System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2020	STP	CON	Jerry Alan Jones Memorial BR	Culture & Environment: Preserves a culturally and regionally significant bridge that honors the memory of Jerry Alan Jones. System Preservation & Efficiency: Preserves a
2021	STP	CON	MacCorkle Ave Lighting	Mobility & Accessibility: Improves nighttime accessibility conditions at night for travelers on this regionally significant roadway. Safety & Security: Improves the safety conditions for nighttime travelers.
2020	STP	CON	Tornado BR O/L	System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2020	STP	ENG	WV 622 - Cross Lanes (GO Bond)	Economic Vitality: This project seeks to reduce travel times. System Preservation & Efficiency: This project seeks to optimize already existing infrastructure for motor vehicle use.

Kanawha County Justifications

2021	STP	ROW	WV 622 - Cross Lanes (GO Bond)	Economic Vitality: This project seeks to reduce travel times. System Preservation & Efficiency: This project seeks to optimize already existing infrastructure for motor vehicle use.
2020	STP	CON	WV 817 Drainage	System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2022	STP	CON	WVSP Sgt. Harold E. Dailey Bridge	Culture & Environment: Preserves a culturally and regionally significant bridge that honors the memory of Sgt. Harold E. Dailey. System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2020	STP	ROW	WVSP Sgt. Harold E. Dailey Bridge	Culture & Environment: Preserves a culturally and regionally significant bridge that honors the memory of Sgt. Harold E. Dailey. System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2020	STP	ENG	WVSP Sgt. Harold E. Dailey Bridge	Culture & Environment: Preserves a culturally and regionally significant bridge that honors the memory of Sgt. Harold E. Dailey. System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2020	STP	ENG	40th ST - 33rd ST	Mobility & Accessibility: Upgrades infrastructure for improved walkability for pedestrians including persons with disabilities. Safety & Security: Serves to separate and protect pedestrian travelers from motor vehicle traffic. Culture & Environment: Promotes pollution-free travel.
2025	STP	ENG	Rocky Fork Channel Beam	System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2025	STP	ROW	Rocky Fork Channel Beam	System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2020	TAP	ENG	Cedar Grove Sidewalk	Mobility and Accessibility: Seeks to improve walking conditions for pedestrian travelers including the elderly and disabled. Safety and Security: Seeks to improve safety of pedestrian travelers by providing curbed sidewalks.
2020	TAP	ENG	Charleston Greenbrier St	Economic Vitality: By designing the potential for improved walkability and cyclability of an economic and culturally significant hotspot of the region. Mobility & Accessibility: Designs the potential for improved walkability and cyclability of an economic and culturally significant hotspot of the region. Safety & Security: Serves to separate and protect pedestrian and bicycle travelers from motor vehicle traffic. Promotes pollution-free travel.
2020	TAP	ENG	Charleston Quarrier & VA St Bike Trail	Safety & Security: Reduces the likelihood of a vehicle collision with a cyclist by separating vehicle traffic from the cyclists lane of travel. Economic Vitality: Expands the intermodal network and allowing for increased volume and greater safety of cyclist traffic that has a limited increased impact on congestion. Culture and Environment: Promotes a culture of safe bicycle travel independent from traffic lanes and therefore promotes pollution-free travel. Mobility & Accessibility: Expands the regional cyclist network.
2020	TAP	CON	Charleston Sidewalks South	Mobility & Accessibility: Improves accessibility of roadways near a school and residential area of Charleston. Safety & Security: Serves to separate and protect pedestrian travelers from motor vehicle traffic.
2020	TAP	ENG	Charleston Slack Plaza	Economic Vitality: By designing for new opportunities for additional business enterprise.
2020	TAP	ROW	Charleston Washington St W Streetscape 2012	Economic Vitality: Improves walkability at an economically distressed location of Kanawha County that hosts many businesses. Mobility & Accessibility: Creates an accessible pedestrian public right of way. Safety & Security: Serves to separate and protect pedestrian travelers from motor vehicle traffic.
2020	TAP	CON	Charleston Washington St W Streetscape 2012	Economic Vitality: Improves walkability at an economically distressed location of Kanawha County that hosts many businesses. Mobility & Accessibility: Creates an accessible pedestrian public right of way. Safety & Security: Serves to separate and protect pedestrian travelers from motor vehicle traffic.
2020	TAP	CON	Dunbar 12th St Streetscape	Mobility & Accessibility: Improves the accessibility of sidewalk conditions along a street that provides access to major government services. Safety & Security: Serves to separate and protect pedestrian travelers from motor vehicle traffic with wide and smooth surfaces.
2020	TAP	CON	Dunbar 12th St Streetscape 2014	Mobility & Accessibility: Improves the accessibility of sidewalk conditions along a street that provides access to major government services. Safety & Security: Serves to separate and protect pedestrian travelers from motor vehicle traffic with wide and smooth surfaces.
2020	TAP	CON	St. Albans Streetscape 2014	Economic Vitality: Improves walkability in a business and government services hotspot. Mobility & Accessibility: Improves accessibility of roadways by creating a public right of way. Safety & Security: Serves to separate and protect pedestrian travelers from motor vehicle traffic.
2020	TAP	CON	St. Albans "C" Street	Mobility & Accessibility: Upgrades infrastructure for improved walkability for pedestrians including persons with disabilities. Safety & Security: Serves to separate and protect pedestrian travelers from motor vehicle traffic. Culture & Environment: Promotes pollution-free travel.
2021	NHPP	ENG	2nd Lt Theodore R Woo Mem Br	System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2021	NHPP	CON	Belle-Diamond Traffic Signals +3	Safety & Security: Seeks to reduce the likelihood of a collision by controlling vehicle movements through improved traffic signalization. System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2020	OTHER	CON	Blue Creek Rd (Go Bond 2/3)	System Preservation & Efficiency: Preserves a critical element of the existing transportation network. Safety & Security: Protects vehicles and drivers by preventing slides.
2021	STP	ENG,CON, ROW	Dry Branch Bridge	System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2021	STP	ENG	Dunbar Toll Bridge	System Preservation & Efficiency: Seeks to study how this element can preserve a critical element of the existing transportation network.
2022	STP	CON	First Ave Nitro Traffic Signals +4	Safety & Security: Seeks to reduce the likelihood of a collision by controlling vehicle movements through improved traffic signalization. System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2021	NHPP	CON	Frame Road Traffic Signals +2	Safety & Security: Seeks to reduce the likelihood of a collision by controlling vehicle movements through improved traffic signalization. System Preservation & Efficiency: Preserves a critical element of the existing transportation network.

Kanawha County Justifications				
2023	NHPP	CON	Institute - Nitro	Safety and Security: Resurfacing the roadway will provide drivers greater control of their vehicles by reducing the likelihood their vehicle will come in contact with a pothole or other road surface deformity. System Preservation & Efficiency: Resurfacing this roadway serves as a preservation tool.
2025	NHPP	CON	Lincoln Co Ln - WV 214	Safety and Security: Resurfacing the roadway will provide drivers greater control of their vehicles by reducing the likelihood their vehicle will come in contact with a pothole or other road surface deformity. System Preservation & Efficiency: Resurfacing this roadway serves as a preservation tool.
2022	NHPP	CON	Oakwood Rd - WV 61	Safety and Security: Resurfacing the roadway will provide drivers greater control of their vehicles by reducing the likelihood their vehicle will come in contact with a pothole or other road surface deformity. System Preservation & Efficiency: Resurfacing this roadway serves as a preservation tool.
2021	NHPP	ENG	Patrick Street Br	System Preservation & Efficiency: Preserves a critical element of the existing transportation network.
2022	NHPP	CON	Ruth - Davis Creek	Safety and Security: Resurfacing the roadway will provide drivers greater control of their vehicles by reducing the likelihood their vehicle will come in contact with a pothole or other road surface deformity. EIGHT CORE PROGRAMS (GROUPS)*

- 1) BRIDGE PROGRAM
- 2) COMMUNITY DEVELOPMENT and CONNECTIVITY PROGRAM
- 3) LOCALIZED MOBILITY IMPROVEMENT PROGRAM
- 4) PLANNING AND WORKFORCE DEVELOPMENT PROGRAM
- 5) RESURFACING PROGRAM
- 6) TRAFFIC PROGRAM
- 7) REGIONAL MOBILITY PROGRAM
- 8) TRANSIT PROGRAM

PERFORMANCE MEASURES**

- PM1 - Safety PM2 - Pavement and Bridge
- Number of fatalities
 - Number of serious injuries
 - Fatality rate per 100 million vehicle miles traveled
 - Serious injury rate
 - Number of non-fatal and serious injuries

- PM3 - System Performance, Freight, Congestion and Air Quality
- Assess the performance of the Interstate and Non-Interstate NHS.
 - Assess freight movement on the Interstate System.
 - Assess traffic congestion and on-road mobile source emissions for carrying out the Congestion Mitigation and Air Quality Improvement Program (CMAQ).

Statewide Adjustment Justifications

FFY	FUND	PHASE	NAME	GUIDING STATEMENT
2022	STP/NHPP	CON	I-64 Signing Hurricane-Dunbar (Split Fund)	Safety and Security: Updates signage to improve safety of travelers using the highway to provide them with up-to-date and compliant roadway information regarding roadway safety and points of interests.
